ENERGYSERVICES

- ENERGY CONSULTING.
- MARKET PROCUREMENT.
- ENERGY IT SERVICES.
- EMISSIONS & REPORTING.
- TRAINING COURSES.

Brightspark provides consulting services to businesses and to the industry, utilising our experience across the NZ energy industry.

Our services focus on providing our clients with the independent expertise needed to deliver their objectives.

Services to allow you to focus on your business

ENERGYMANAGEMENT

With energy costs contributing up to 15% of business operating expenses, you can't afford to overlook these as merely essential costs.

Managing energy costs is an on-going cycle which can provide your business with significant cost benefits through lasting savings for years to come.

ENERGY & IT CONSULTING

Brightspark provides consulting services to energy users and to the industry, utilising our experience across the NZ energy industry.

- Energy Consulting
- Emissions Consulting
- Energy-specific IT Consulting

COMPETITIVE PROCUREMENT

Energy prices can vary by 15% between retailers. Ensure that your business is getting competitive prices – we will run a market tender process for your business needs.

CONSULTING – ENERGY & IT

Our experience in the industry enables us to deliver a wide range of services to businesses and the industry:

- Energy and general consulting
- Energy-specific IT services
- Emissions & reporting

REPORTING SERVICES & TOOLS

Reporting and tracking energy usage and costs can be confusing, complex and time-consuming. Contact us to enquire about our Energy & Emissions Management System and services.

TRAINING COURSES

The NZ energy industry is complex – we provide very competitively priced training that can be tailored to your needs. Our courses include: Electricity Industry Fundamentals, Markets & Nodal Pricing, and Emissions reporting.

WE'VE WORKED WITH A DIVERSE CUSTOMER BASE. HOW CAN WE HELP YOU?
